WORK EXPERIENCE

MERN Stack Student/Intern GUVI Geek Network Private Limited

08/2020 - Present

Chennai

Achievements/Tasks

- Underwent an intense training on full stack web development using JavaScript and its framework with a number of projects and hands-on experience with each and every technology involved. Worked on daily tasks and assessments which are around 60 and performed well in all of them.

Full Stack PHP Developer Triara Technologies Private Limited

06/2020 - 10/2020

Achievements/Tasks

- ESIM - It is a dashboard made using PHP Laravel to handle different types of users like super admin, admins, partner, and end-user. Here all the users manage their esim products selling/purchased. Super admin/admins sell the esim products to their partners and the end-user buy it from their local partners.
- The Great Commission Guide - This website is made using PHP Laravel where one can create their account and add their meetings and also they can drag and drop their meetings according to their priority.

Junior Software Engineer Trainee Triara Technologies Private Limited

07/2019 - 10/2019

Achievements/Tasks

- During this internship period I learn about Laravel and also contributed to the project called QuikPG.
